WARRANT FOR ANNUAL TOWN MEETING**MARCH 11, 1963**

ARTICLE 1. To hear the report of the Finance Committee, or act thereon.

ARTICLE 2. To act on the reports of the town officers.

ARTICLE 3. To hear the report of the Town By-Law Committee, or take any action relative thereto.

ARTICLE 4. To see if the Town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money in anticipation of revenue for the current financial year, and to issue a note, or notes, therefor, in accordance with the provisions of Chapter 44 of the General Laws, or act thereon.

ARTICLE 5. To see if the Town will vote to authorize the selectmen to contract with the Department of Public Works and County Commissioners of Bristol County for the construction and maintenance of the public highways for the ensuing year, or act thereon.

ARTICLE 6. To see if the Town will vote to fix the salaries and compensation of all elective officers of the Town as provided by Section 108 of Chapter 41 of the General Laws as amended, as follows: Moderator, Selectmen, Auditor, Treasurer, Collector, Assessors, Town Clerk, Constables, Tree Warden, Highway Surveyor, Board of Public Welfare, School Committee, Library Trustees Chairman, and Burial Ground Commissioners, and raise and appropriate sums of money for same, or act thereon.

ARTICLE 7. To see if the Town will vote to raise and appropriate sums of money for the following expense accounts, namely; Finance Committee, Industrial Development Commission, Selectmen, Auditor, Treasurer, Collector, Assessors, Town Clerk, Planning Board, or act thereon.

ARTICLE 8. To see if the Town will vote to raise and appropriate sums of money for the following departments, namely: Town Counsel, Elections, Registrations, Town Hall, Police Department, Fire Department, Tree Department, Sealer of Weights and Measures, Dog Officer, Board of Health, Tax Title Expense and Civil Defense, or act thereon.

ARTICLE 9. To see if the Town will vote to raise and appropriate a sum of money to be expended in suppressing the gypsy and brown tail moth; also a sum of money for Dutch Elm Disease Control, or act thereon.

ARTICLE 10. To see if the Town will vote under the provisions of Section 4-A of Chapter 41, to authorize certain town boards to appoint one or more members to other positions, and fix the salary for same, or act thereon.

ARTICLE 11. To see if the Town will vote to rescind the vote taken on September 11, 1961, on Article 4, authorizing the Selectmen to dispose of the Myricks School Building, or act thereon.

ARTICLE 12. To see if the Town will vote to raise and appropriate a sum of money for the Town's share of Chapter 81 Highway Maintenance, and to authorize the treasurer, with the approval of the selectmen, to borrow money for the State and County shares, and to issue a note or notes therefor, in accordance with the provisions of Chapter 44 of the General Laws.

ARTICLE 13. To see if the Town will vote to raise and appropriate a sum of money for the Town's share of Chapter 90 Highway Maintenance, and to authorize the treasurer, with the approval of the selectmen, to borrow money for the State and County shares, and to issue a note or notes therefor, in accordance with the provisions of Chapter 44 of the General Laws.

ARTICLE 14. To see if the Town will vote to raise and appropriate a sum of money for Chapter 90 Berkley-Dighton Bridge Maintenance, and to authorize the treasurer, with the approval of the selectmen, to borrow money for the State and County shares, and to issue a note or notes therefor, in accordance with the provisions of Chapter 44 of the General Laws.

ARTICLE 15. To see if the Town will vote to raise and appropriate a sum of money to be spent for highway repair, and/or reconstruction purposes on Anthony Street; independently of, or in addition to, any other highway maintenance program which the Town may vote on.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to lay out and relocate a section of Anthony Street as a public way, or take any action relative thereto.

ARTICLE 17. To see if the Town will vote to raise and appropriate a sum of money for surveying and legal fees, expenses, relative to layout and relocation of a section of Anthony Street, or take any action relative thereto.

ARTICLE 18. To see if the Town will vote to raise and appropriate a sum of money to be spent for highway repair, and/or reconstruction purposes on Riverside Drive; independently of, or in addition to, any other highway maintenance program which the Town may vote on.

ARTICLE 19. To see if the Town will vote to raise and appropriate, or transfer from available funds in the treasury, a sum of money for chapter 90 Highway Construction, or take any action in relation thereto.

ARTICLE 20. To see if the Town will vote to authorize the Selectmen to contract with the Department of Public works and the County Commissioners to layout a section of South Main Street, beginning at the end of the 1962 layout and continuing to Elm Street as a chapter 90 Highway Reconstruction Project, or take any action relative thereto.

ARTICLE 21. To see if the Town will vote to raise and appropriate a sum of money to the Engineering, Legal Fees, North and South Main Streets Account, or act thereon.

ARTICLE 22. To see if the Town will vote to raise and appropriate sums of money for the following accounts, namely: Berkley-Dighton Bridge Expense, Road Machinery Account and Street Lights, or act thereon.

ARTICLE 23. To see if the Town will vote to raise and appropriate a sum of money for Snow Removal, Sanding, and Snow Fence, or act thereon.

ARTICLE 24. To see if the Town will vote to raise and appropriate sums of money for General Relief, Old Age Assistance, Aid to Dependent Children, Disability Assistance, Welfare Administration, Veterans Services and Medical Assistance for the Aged, or act thereon.

ARTICLE 25. To see if the Town will vote to raise and appropriate a sum of money for the School Department, or act thereon.

ARTICLE 26. To see if the Town will vote to raise and appropriate a sum of money for the Public Library, and to transfer a sum of money to the Public Library from the Dog Fund, or act thereon.

ARTICLE 27. To see if the Town will vote to raise and appropriate sums of money for the following accounts, namely: Care of Berkley Common, Town Reports, Memorial Day, Care of Veterans Graves, Myricks Building, Town Water, Cemeteries, or act thereon.

ARTICLE 28. To see if the Town will vote to raise and appropriate a sum of money for Compensation Insurance for town employees or act thereon.

ARTICLE 29. To see if the Town will vote to raise and appropriate a sum of money to the Reserve Account, or act thereon.

ARTICLE 30. To see if the Town will vote to raise and appropriate a sum of money to cover interest on loans, or act thereon.

ARTICLE 31. To see if the Town will vote to pay the unpaid bills of previous years, and to see if the Town will vote to raise and appropriate a sum of money therefor, or act thereon.

ARTICLE 32. To see if the Town will vote to raise and appropriate a sum of money for the Bristol County Retirement Assessment for the fiscal year of 1963, as certified to by the Board of County Commissioners, or act thereon.

ARTICLE 33. To see if the Town will vote to raise and appropriate a sum of money for expenses and compensation for a Building and Sanitary Permits Agent, or take any action relative thereto.

ARTICLE 34. To see if the Town will vote to raise and appropriate a sum of money to pay an installment for the expert appraisal of real estate as voted on February 27, 1962, or take any action relative thereto.

REPORT OF THE BERKLEY FINANCE COMMITTEE

The total requests submitted to the finance committee for 1963 amounted to \$301,496.86 an increase of \$63,876.96 over 1962 requests. There are so many items the town has to raise such as schools, welfare, interest and principal on the town debts ,workmens compensation, retirement, that is frustrating when one tries to keep down expenses.

There were several good requests made to the committee that they just could not approve this year.

The chairmen would like to thank all the members of the committee. They all gave freely of their time on many occasions during the past year.

The Berkley Finance Committee

REPORT OF SELECTMEN FOR 1962

The town continues to be in good financial condition at the present time. The many town departments remained within their operating budgets. In the welfare category a sizeable transfer of funds was necessary in medical aid to the aged, which also includes the Old Age Assistance Account.

Under our highway program, Plain Street, from Orchard Street to the Berkley-Taunton line was reconstructed and oiled. The reconstruction of a section of South Main Street, beginning at the Berkley-Freetown line, will start early in 1963. The first phase of this work will involve 3700 feet of reconstruction.

Under a state sponsored program, known as Chapter 782, a sum of \$5,000.00 has been made available for Chapter 90 highway work.

We recommend that this sum be made available as the town's share and continue the reconstruction of South Main Street to Elm Street.

We recommend that a sum of money be made available for the reconstruction of Anthony Street and also a sum of money for the improvement of Riverside Drive.

An additional sum of \$900.00 has been recommended by the Department of Public Works to be used in conjunction with our 1961 and 1962 allotments for the repair and painting of the Berkley-Dighton Bridge.

Although many dead elm trees have been removed along our roadways during the past several years, much more work has to be done to cope with this situation.

We would also like to see more of the town's people take a more active participation in the town's civil defense program.

In conclusion, may we express our appreciation to all for their cooperation with us in the conduct of the town's business.

EINO H. SILVAN

TO THE BOARD OF SELECTMEN

Town of Berkley

Gentlemen:

I had six calls for dog bites.

There was no slaughtering in the town during 1962.

I inspected 42 barns and buildings, also 839 animals.

Respectfully submitted,

HERBERT ASPINALL
Inspector of animals and
slaughtering

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

To: The Board of Selectmen
Town of Berkley

Gentlemen:

As your Chief of the Fire Department, I submit the following report for the year 1962.

During the year of 1962 there were a total of 77 fire calls answered by the Fire Department, 28 ambulance calls, 19 trips to Morton Hospital in Taunton, 2 trips to Fall River Hospitals, 4 trips to rest homes with local people and 3 calls for the resuscitator.

The Fire Extinguishers in the schools, library and churches have been inspected during the past year, monthly fire drills are held during the school season under the supervision of a member of the fire department.

To the townspeople again I would like to call your attention to the town ambulance that is under the supervision of the Fire Department, this is your ambulance and it is for the use of **all** residents of the town that require ambulance service, please remember that the personnel operating the ambulance are working people. Every effort will be made to handle emergency cases immediately and all other on their merits. In case you need the ambulance or the resuscitator dial the **FIRE TELEPHONE 2-6354** and every effort will be made to assist you.

I wish to take this opportunity to thank the residents of the town for their prompt action and cooperation with the Fire Department, also to express my appreciation to the members of the Fire Department, Police Department and all others who have cooperated and assisted in carrying out the duties of this office.

Respectfully submitted,

GARLAND TEMPLETON

Chief of the Fire Department

REPORT OF THE TRUSTEES OF THE BERKLEY PUBLIC LIBRARY

To the officers and townspeople of Berkley:

We are glad to report that we are going forward with our program of repair at the library. This year we have been able to have the outside trim and all window frames painted and windows reputtied. Two of the basement windows were replaced.

New draperies and suitable rods were installed in the hall.

During the past year the Brownies (two groups), Girl Scouts, Woman's Club, Tax-payers Association., Registrar of Voters, Planning Board and Berkley-Teens have used the hall for their various activities.

We would like to thank the Tax-payers Association for their gift of a fire-place set. It has been suitably inscribed with the name of the donor and the date. Besides enhancing the looks of the fire-place it has proved to be very useful.

Our thanks too, to Mr. and Mrs. Thomas Nelson for the gift of a metal file.

Our thanks and appreciation to all those who have helped with our library program, to the librarian and assistant for their untiring efforts to serve our patrons.

We hope that with your help and cooperation to be able to continue to improve our library services to the people of Berkley. We need your confidence and support.

We are grateful for the town appropriation and the State Aid Grant.

Respectfully submitted,

RUTH E. HOWLAND
CORRINE H. MACKER
WALTER CRAVEN

**INDUSTRIAL DEVELOPMENT COMMISSION
OF BERKLEY****ANNUAL REPORT**

During the year 1962, the Industrial Development Commission of the Town of Berkley held five meetings.

The first three meetings were held in the basement of the Berkley Grammar School, and the last two Meetings were held in the Berkley Junior High School.

Mr. Benjamin Rose attended several meetings of the Regional Central Southeastern Massachusetts Economics Development Committee, as delegate of the Berkley Industrial Development Commission.

The meetings were well attended by all members of the Commission and the topics under discussion were varied and instructive. The Commission entertained a suggestion that a survey be made of all skilled laborers in the Town of Berkley.

The Commission discussed the erection of signs, locations to be used, the proper signs to be used to attract business and industry and the limitations to be used in the erection of signs in the town of Berkley.

The general discussion covered the Industrial requirements and the methods to be used to induce new industry to locate in the town.

Respectfully submitted,

FRANK W. CARROLL
EDMOND ST. YVES
HENRY BAACKE
WARREN HOLMES
BEN ROSE

REPORT OF THE PLANNING BOARD

There were no new subdivisions in 1962 under the meaning of the Subdivision Control Law. There were only a few plans of land division or transfer requiring Planning Board review. With tax equalization a reality in 1963, it is conceivable that land and building construction may accelerate considerably.

Three of our members attended Wheaton College this year where a short course was given in General Planning and Subdivision Control.

In the publication "A Regional Plan for Southeastern Massachusetts" prepared for the Southeastern Massachusetts Regional Planning District by their consultants, it is interesting to note that Berkley is described as having "only a minimal zoning by-law restricted to dimensional requirements and lacking land use provisions." In the near future consideration should be given to the development and financing of a pilot or master plan for the town's growth which would indicate the need or lack of need for area zoning and land use control. Such a study is customarily prepared by professional consultants with up to three-quarters of the funds being supplied by the federal government.

There appears to exist a great need at present for a town inspector to facilitate enforcement of the provisions of the existing zoning by-law. Fees, derived from the issuance of building permits, could probably make this a self supporting program.

A joint meeting between the Planning Board and the town by-law committee resulted in proposals by both groups for additional town by-laws.

The Board has indicated that it is opposed to any increase in the number of automobile junkyards in the town at this time.

Respectfully submitted,

ROGER E. CHESTER
Secretary

BERKLEY PUBLIC LIBRARY

To the Trustees and Townspeople of Berkley:

Once again it is a pleasure to bring to you the annual report of the library.

1962 Circulation: 18,569. An increase of 6,450 over 1961.

Adult borrowers, 183. Juvenile 326. Total 509. An increase of 86.

Volumes added: 414. By town purchase 159. By donation 255.

Our work with the school children was changed when the Junior High pupils attended, rather than the elementary grades. We were able with the cooperation of the State Division at Boston and Fall River to borrow 164 additional books for these grades.

We are now trying to build up our own collection to an adequate number to take care of this situation. The help of Mr. Edward Peters and Mrs. Barbara Scherer is appreciated.

The following children have earned their State Reading Certificates during the year. Gail Bennett, Rosemary Buckley, Irene Caron, Betty Chew, Edward Crowninshield, Carol Fernandes, Ann Fournier, Donna Gouveia, Dawn LeCorney, Jason Miller, Marcia Mitchell, Deborah Raymond, Sharon Raymond, Douglas Stetson, Vincent Rose, Meryl Waterfield, Irene Paull, Robert Wirth, Linda Fisher, Herbert Flint and Michael Flint.

We welcome the opportunity to help select the right books to earn these certificates and help young people improve their reading skill. Our congratulations to these children.

Several children have earned their Library Aid Pin by giving fifteen hours of service in the library.

Story Hours were held during the summer months and we enjoyed the best attendance of the past five years. Our thanks to those people who made it possible. Our special thanks to Mr. Gerald Flemming and Mrs. Ralph Hyde for the annual story hour pictures.

We have been fortunate in obtaining books through the Inter-Library-Loan at Taunton and New Bedford. Our thanks to Miss Ruth Synan and Mr. James Healey.

Our most sincere thanks to the following people who have donated book or other material to the library this year:

Mrs. Frank Beal, Mrs. Stanley Trond, Mrs. Roseanna Hackney, Mrs. Elaine Varley, Mrs. Thomas Foley, Eric Trites, Miss Ruth Howland, Miss Jessie Howland, Mr. and Mrs. James Babbitt, Elizabeth Howes, Nathan Rogers, Mr. Rodney Briggs, Mr. Frank Brooks, Estelle Stetson, Mrs. K. Coombs, Mrs. Ralph Hyde, Mrs. Celia Kinney, Heather Holmes, Byron Holmes, Mrs. Stuart Waterfield, Mrs. Mary Mitchell, Mrs. Susan Harrison, Mr. Elmer Whittaker and Mr. Armand Desautels.

In conclusion, we shall endeavor to serve you to the best of our ability in the year ahead. Won't you visit YOUR library and help it become the place you want it to be?

Respectfully submitted,

(Mrs. Walter) Helen M. Craven
Librarian

CIVIL DEFENSE

To the Board of Selectmen
Town of Berkley

Gentlemen:

As your Director of Civil Defense, I submit the following report for the year 1962:

We have built a new Generator shed out of galvanized sheet metal and aluminum support bars. The generator has been installed in the shed and the power cables installed underground between the generator and the school building. We have a 300 gallon gasoline supply underground hooked directly to the generator. We're now waiting for a double throw switch to be installed in the school. We hope to have the school covered by auxiliary power before the end of February.

We carry a large tank of each of the following in the Rescue Truck—Oxygen; Compressed Air; and Acetylene Gas; also a cutting torch. We have purchased a chain saw, which is also carried in the Rescue Truck.

We have a Telephone Amplifier, which can be used for an intercom system in the school.

We hope to purchase more radio equipment and set up a better communication system at the control center next year, and also a couple more 2 way radios in cars.

I wish to thank all who helped Civil Defense this past year, and hope we get more volunteers and better cooperation next year.

Respectfully submitted,

RUSSELL A. HASKELL, SR.
Director of Civil Defense

ANNUAL REPORT OF THE DEPARTMENT OF PUBLIC WELFARE

The Annual Report of the Director of Public Welfare for the year ending December 31, 1962, is as follows:

AID TO DEPENDENT CHILDREN was granted to an average twenty eligible recipients, seven less than in the year 1961. Federal participation was the same as in the previous year, \$20.50 for each eligible recipient regardless of the amount of assistance granted. It can be expected that the expenditures for the year 1963 will increase because the State Department of Public Welfare has directed local agencies to use a plan for more intensified services to the ADC clients.

The average caseload for OLD AGE ASSISTANCE was fifteen, four less than in the previous year. Federal participation was increased from \$49.80 to \$54.00 per eligible case effective October 1, 1962. Transportation was increased from \$4.00 to \$5.00 per month.

It was the determination of the MEDICAL REVIEW TEAM of the Department of Public Welfare that the three applicants for DISABILITY ASSISTANCE were not permanently and totally disabled. We had no persons eligible for this category of assistance during the year 1962.

MEDICAL ASSISTANCE FOR THE AGED was granted to ten persons during the year 1963, three more than in the previous year. Expenditures for this category of assistance will continue to increase as those recipients who received Old Age Assistance, upon entering a licensed nursing home are transferred to this program. Too, there was an increase in exemptions of legally liable children.

The GENERAL RELIEF caseload averaged six. This type of assistance is granted to those who do not meet the requirements for categorical assistance.

To the Members of the Board of Selectmen, I wish to express my appreciation and thanks for the cooperation they have given me.

Respectfully submitted,

(Mrs.) THERESA M. PARENT
Director of Public Welfare

REPORT OF CHIEF OF POLICE

To the Board of Selectmen

Gentlemen:

As your Chief of Police I submit the following report for the year 1962:

Arrests	14
Summoned to Court for Motor Vehicle Violations	3
Auto Accidents (injuries)	7
Auto Accidents (property damage)	16
Breaks and Thefts Investigated	11
Stolen Cars recovered	2
Miscellaneous Complaints Investigated	126
Car Transfers Filed	1,021
Tickets issued for defective equipment	92
Pistol Permits Issued	5
Summons Served	17
Dogs Killed by Autos	2
Recommended Suspension of Licenses	4
Recommended Warnings	8
Missing Persons Located	2

We assisted the Registry on periodic checkups, patrolled the Town on Holidays, and directed traffic during the Dog Racing Period.

We assisted the Massachusetts State Police at accidents and investigations in the Town.

We are a member of the Taunton Police Radio Network and have five two-way radios and five receivers in use.

I thank the Selectmen, Police Officers, Firefighters, and all others for their excellent cooperation in carrying out the duties of the department.

Respectfully submitted,

HAROLD G. ASHLEY
Chief of Police

In Memoriam

ALBERT BINDON

who faithfully served the Town of Berkley
as a Selectman

and by appointment

Secretary

Gladys P. Babbitt

School Physician

Dr. Alan M. Poole
Fall River

School Nurse

Amelia M. Cabral, R. N.
Berkley

Attendance Officer

Lawrence B. Swift

GENERAL INFORMATION

Birth Certificates

Presentation of a birth certificate is required for entrance to the first grade.

Vaccination

Every child who enters school for the first time must present a certificate of vaccination or a statement from his physician that vaccination is inadvisable.

No-School Informaton

When weather conditions are such that our buses are unable to run, a no-school notice will be broadcast over Radio Station WSAR, Fall River, Radio Station WPEP, Taunton, Radio Station WPRO, Providence and Radio Station WARA, Attleboro. Parents are urged to use their own judgment about sending their children to school on stormy days. The fact that school is in session does not mean that attendance by all pupils is advisable.

Transportation

The law requires that transportation be provided for pupils residing more than two miles from the school attended or more than one mile from the nearest bus stop. Many pupils living at lesser distances along the established routes are transported if the seating capacity of the bus will permit. From time to time it is necessary to refuse transportation to some of those living under the required distance when our buses are filled to capacity with children living at a greater distance.

Entrance Age

First grade registration in September of any year will be limited to those children who are at least six years of age or who will become six years of age on or before the following January first. There will be no exception to this ruling. Registration must be during the first three weeks of school in September.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Town of Berkley:

I herewith submit my eighth annual report. Incorporated herein is the report of the Berkley School Committee, the School Nurse, the Principal, the Music Supervisor and a report of the School Doctor.

Finances

The budget shows a gross increase of \$22,241.00 over last year with a net increase of \$15,909.23 after reimbursements have been deducted. The largest increase is in salaries. This increase is due to raises given teachers due to the raise to \$4500.00 of the State minimum. Extra teachers because of increasing enrollment and the return of grades 7 and 8 to Berkley both contribute to the increase in salaries.

Transportation has increased by \$2,856.00 due to the fact that enrollment has increased and pupils are transported to two high schools.

Other increases are in janitor services, fuel, electricity and building maintenance because we are now operating two buildings.

Finances will continue to increase as enrollment increases. It would seem now that we will need at least one more teacher in September. We are fast reaching the point where we will need two classrooms per grade. This will mean twelve teachers for grades 1-6 instead of the eight we now have.

School Program

The school program is very well explained in the principal's report. We are now operating a 6-2 system. Six years of elementary school and two years of departmental work at the junior high level are provided. The junior high program has its advantage and disadvantage. The classes are small which makes them impractical financially speaking. However, with small classes there is more time to give pupils individual attention.

We now have the ninth grade at Dighton-Rehoboth Regional High School and grades ten, eleven and twelve at Apponequet Regional High School. We will continue to send

classes to Dighton-Rehoboth Regional for as long as they are able to take us.

Personnel

With the opening of the new school it was necessary to add new faculty. Miss Carol Washburn, a graduate of Barrington College, was hired to teach the combination first and second grades. This move was made necessary because of the overload in both the first and second grades. Mrs. Carol Zopatti who formerly taught in Pittsfield and graduated from The Elms College was assigned to a fifth grade. We divided the fifth grade that had had some forty pupils over the previous four years to give the children the advantage of small classes and small group instruction.

We hired Mrs. Barbara Scherer, a graduate of Bridgewater State College with teaching experience in Swansea to teach the special class.

We had to hire three teachers for the seventh and eighth grades. Mr. Ernest Cardoza, who formerly taught in Maine and Rehoboth, was assigned to teach social studies. Mr. Edward Peters who had previously taught at the adult level and had had training at Bridgewater State College became the English teacher. For mathematics and science we hired Mr. Norman Lapre a graduate of Durfee Technical College with courses taken at Bridgewater State College. Mr. Lapre formerly taught at Prevost High School.

We also hired seven part-time teachers to teach the various special subjects as music, physical education, art, sewing and industrial arts. Their names and schools are listed in this report.

Buildings

The report on the new building is incorporated in the report of the Building Committee.

We removed the small old desks at the old school, sanded and refinished the floors and replaced the furniture with larger furniture. It was necessary to buy new furniture for one room. Regular classes including the opportunity class occupy four rooms. The other two rooms upstairs and the area in the basement are used for special subjects.

We have been able to add some equipment to this building such as a portable science laboratory and shop work benches.

We hope to add further to this equipment during the coming year.

We shall continue to try to keep the building in the best repair possible. However, I believe the day is coming when quite a bit of money will have to be paid out on the building to put it in good shape.

Conclusion

I wish to thank Mr. Fleming and his teachers for the excellent cooperation given me during this past year. It has been very hard moving around and also waiting for equipment that was late in arriving, Mr. Fleming has given his services far and above his regular duties. He has spent many extra hours trying to give the people of Berkley a school system that will be of great value to your children. Many thanks are also due the School Committee and the School Building Committee for their many hours of work over the past year.

We also appreciate the cooperation of the P.T.A., the Taxpayers Association, the Police and Fire Departments and other Town Officials. It is this sort of working together that helps build a better community.

To the parents may I say that we are glad that we are able to serve you and hope you will visit us often during this year.

Respectfully submitted,

ROBERT T. ROY

Superintendent of Schools

REPORT OF THE PRINCIPAL

Robert T. Roy
Superintendent of Schools

Dear Mr. Roy:

I herewith submit my first annual report as District Principal of Berkley Public Schools, and my fourth annual report as a principal in the town school system.

This report, of necessity, must be compiled in two parts to adequately cover the programs which we are administering in the two schools.

Elementary School

After spending a good part of my summer moving furniture, books, supplies, and equipment from the old school to the new, we opened our new elementary school in September with 211 students. Since that time, the number has steadily increased to the present 220.

The heaviest concentration of students is in the primary grades. At one point we had 46 enrolled in the first grade. Unfortunately, we have too many students for a single room in each grade, and not quite enough for two rooms per grade. This results in our combination first and second grade. I am aware that this is not the soundest educational practice, but we must do our best with the resources we have.

At the present time we have 43 first graders, 40 in the second grade, 37 in grade 3, 31 in grade 4, 41 in grade 5, and 27 in grade 6. Our projected enrollment indicates a class of 40 to 45 in next September's first grade. It would seem proper to think in terms of two first grades and two second grades at that time.

With our expanded facilities we have been able to offer our students a more complete program. The multi-purpose room has, for example, given us a suitable location for group activities. It is also used, at least once a week, for physical education for each class. The room's usefulness will be culminated this spring when the kitchen equipment is installed and the children are afforded the opportunity of a hot lunch.

Curriculum

Our curriculum is basically the same as last year. We have

however, been able to offer more individual attention with the smaller classes.

Grouping within the various classes is done more readily with the movable furniture.

This year we have more special teachers coming in to work with our students. These people are shared on a proportionate basis with the other towns in the superintendency union. Each class has one period per week with a physical education supervisor. Although this does not meet the suggested time allotment in President Kennedy's Physical Fitness Program, it is all that is possible in the one day we have the supervisor.

An art supervisor has been added this year. She spends two and one-half hours per week in the elementary school and visits each class once every other week.

Our music program has been adjusted slightly this year. Instead of having the vocal music supervisor visit each classroom once a week, we now have one visit every two weeks in each room. This was done to conform to the schedule being followed in Dighton and Rehoboth.

The instrumental music program remains basically the same with about twelve students taking weekly lessons.

Administration

As would be expected, the administrative burden has doubled this year. The responsibility for administering and supervising classes in two buildings keeps the principal constantly on the move.

In my post-graduate studies at both Bridgewater State College and Boston University, recommendations were advanced that the principal should spend a minimum of 60% of his time in supervisory visits to classrooms. I have attempted to adhere to this schedule as much as possible. Unfortunately, this leaves little time for supervising the lunch room and library, counting milk money, and carrying on the routine office duties which must be accomplished daily.

I know that it is especially important to make frequent visits to new teachers and offer guidance and suggestions where necessary. Since there are, under my jurisdiction, five teachers with a combined total experience of six years, the greater part of my time must be spent in these classrooms.

Testing

Once again, I have administered and corrected intelligence tests for grades one, three, and five. Students whose scores indicated some wide variance from accepted norms were then given Stanford-Binet individual intelligence tests.

The classroom teachers administered Stanford Achievement tests in all grades in the Spring with satisfying results. Our children were found to be equal to or better than national norms in most areas.

Opportunity Class

The Opportunity Class, now housed in the junior high school for chronological age reasons, continues to prosper. The class has taken educational field trips and carried out many tasks, including the making of bread, in the classroom.

This year, for the first time, a parents group has been formed. This group holds regular meetings and discusses topics of special interest to its members.

A movement is underway at this time to join forces with a similar group from Rehoboth.

Library

Our library is used daily in the new school. Although we could use many more books, the few we have are abetted by a supply loaned by the district bookmobile. We added many new books last year of our own, and we hope to do the same again this year.

Junior High School

The junior high school, from the enrollment aspect, is small. We opened with 26 in grade 7, and 32 in grade 8. The 32 eighth graders were evenly divided into two home rooms.

Three full time teachers were hired to cover the major subject areas. In addition to them, the aforementioned special teachers come in at least once a week for specialized subjects.

A strong core curriculum is offered whereby each student receives the following instruction each week:

English	5 periods	History	4 periods
Reading	5 periods	Physical Sd.	2 periods
Math	5 periods	Music	2 periods
Science	4 periods	Art	1 period
Geography	4 periods	Home Ec. or Industrial Arts	2 periods

There are, of course, some slight variations from this schedule in isolated cases.

The small classes have allowed us to give more individual attention and thereby better prepare the students for high school. In addition, we have the use of a late bus two nights a week. This allows the student to stay for extra help and still have a ride home.

The special teachers who come in are instructing the students in art, music, physical education, home economics and industrial arts. The boy's industrial arts course has been mainly concentrated in mechanical drawing to date. Home economics is devoted primarily to sewing at this time. It is my hope that both of these subjects will be broadened next year with the addition of more equipment.

Junior high students continue to use the town library on a weekly basis. Through the splendid cooperation shown by Mrs. Craven, many books were secured which are required reading for the pupils.

Portable science equipment has been purchased so that our students will have an introduction to basic scientific data and experiments before reaching high school.

Extra - Curricular

Extra-curricular activities have increased greatly with the added facilities. Assemblies were held at Thanksgiving and Christmas in the elementary school with many parents present. The junior high school had an assembly at Christmas which was held at night. It is unfortunate, though, that more parents did not take the opportunity to witness this excellent production.

Again this year the Police Association sponsored classroom parties at Christmastime. This generous check came only a few weeks after the group had purchased a sizeable amount of athletic equipment for the schools. To this group, we are deeply indebted.

The annual May Day-Memorial Day assembly was held last Spring in front of the old Grammar School. Through the cooperation of the Women's Club, the affair was a huge success.

Since our last report the teachers have spent many months in in-service workshops. First of all, we developed new report cards for the elementary school, and then joined forces with the faculties of Dighton and Rehoboth to build curriculum guides in Math and Language Arts.

These guides will provide a common background for the pupils of the three towns, all of whom will be attending Dighton-Rehoboth Regional High School.

Our health department has been greatly enhanced by the appointment of a nurse who is here in the schools every morning. Mrs. Frank Cabral, R. N., is now in charge of this department, having replaced Mrs. Ella Dillingham, who served so faithfully for 18 years.

Dr. Alan Poole, school physician, has completed physical exams of youngsters in grades one, three, and five, in addition to all junior high youngsters.

All students of the elementary school were taken on educational field trips last spring through the cooperation and generosity of Mr. Clarence Trenouth. Each class visited a different site of interest to the particular age group.

P. T. A.

An inspiring year of P.T.A. activity was conducted under the guidance of Mrs. Ernest Stone, president. The association, in addition to its monthly meetings, has held many activities which have resulted in a sizeable treasury. This money will be spent on outdoor athletic equipment for the students as soon as the yard in the rear of the school is in condition.

Other officers of the group, without whose help these accomplishments would not have been possible, are: Mrs. Stuart Waterfield, vice-president; Bradford Richmond, secretary; and Mrs. Morton Gray, treasurer.

Conclusion and Recommendations

It has been a distinct pleasure to serve the town of Berkley as principal for these past four years. The position, now, with the two schools operating is a great challenge.

I would recommend again, that the school committee seriously consider the immediate appointment of a secretary to keep abreast of the multitude of office work which accumulates in the two schools. In addition to this, the bookkeeping duties will be further appended once the cafeteria is in operation.

The physical make-up of the new school, coupled with a division of time between the two schools, leaves the office unattended for the majority of the time. This results in hundreds of unanswered phone calls.

I would also suggest the establishment of a foreign language course at the junior high school. Since our students have three years of conversational French, through television, it is unfortunate to allow a two year lapse before high school.

In conclusion, I express my sincere appreciation to you, Mr. Roy, for your help and guidance during my tenure here. The school committee, also, have been most cooperative, for which I am grateful.

The teaching staff is doing commendable work, and using the facilities to the fullest. I am indebted to the faculty for their fine work and assistance, and especially for their nomination which allowed me to be named one of three "Outstanding Educators" of Bristol County.

Mr. Swift and Mr. Wade continue to do a fine job in keeping the old building in good condition. Mr. Babbitt has done extraordinary work, much of it on his own time, in keeping the new school spotless.

The parents have been especially cooperative in their relationship with the school. Their help is carried over in the students who are most cooperative. I remind the parents that they are most welcome to visit the school at any time and discuss the educational progress of their children with myself and the teachers.

With the excellent educational climate which exists in this town, the citizens of Berkley have a school system of which they can be justifiably proud.

Respectfully submitted,
J. GERALD FLEMING
District Principal

**REPORT OF THE DIRECTOR
OF MUSIC EDUCATION
SCHOOL UNION #37**

Robert T. Roy
Superintendent of Schools

Formal school education directs itself toward the socialization of the child. It assists him in maturing into a productive, understanding member of society.

Our modern society, however, is not built solely on the skeletal existence for animal survival. The teaching of our native language is not limited to basic English but includes literature; dress-making emphasizes style as well as warmth and protection; physical education includes health, hygiene and fitness as well as recreational sports; and home economics is table-setting and appeal plus nutrition.

So it is, too, in music education. Our musical heritage is so abundant and present practice so widespread in all social classes that music rightfully takes its place with literature and the humanities in our curriculum. Music instruction for our society consists not only of skills for actual performance and creativity, but also skills in perceptive listening and appreciation. As a discipline and as an art music is an essential in the development of well-balanced educated people for tomorrow's challenges as well as today's.

Based upon the above-stated belief our overall program for School District 37 has inaugurated a classroom schedule which provides equal musical opportunity for all our school children regardless of school size or location. Miss Charlotte Hathaway, our elementary vocal music supervisor, visits in all classrooms at least once every two weeks. She assists in the lesson planning, gives demonstration lesson, coordinates special program and this year has also organized elementary school choirs in each of our three towns. Mr. David Watson supervises the instrumental music program in Berkley and Rehoboth. His work begins at the 4th grade and continues through the junior high school level. He is making a major effort in ensemble opportunities.

In Dighton the instrumental music is directed by Mr. Charles Lincoln. He is also responsible for that phase of the music program at the Dighton-Rehoboth Regional High School. In addition to the administrative detail my responsibilities include the vocal music at the high school level

and the general music classes at Anawan and Dighton Junior High Schools.

For the balance of the present school year the music staff, in cooperation with the classroom teachers and the administrators hope to develop a music curriculum guide for the elementary schools. This will provide for the progressive, step-by-step training of musical skills; singing, instrumental playing, creative work, rhythmic activity and listening perceptively. Children so trained seem to lead more stable lives.

On behalf of the entire music staff I should like to express appreciation for the courtesy and assistance extended by our principals, the curriculum coordinator and the superintendent. They are key people in generating an attitude and a working atmosphere conducive to best results — OUR CHILDREN.

Respectfully submitted,

Philip E. Turner

Director of Music Education
School District #37

REPORT OF THE SCHOOL NURSE

Mr. Robert Roy
Superintendent of Schools
Berkley, Mass.

Dear Mr. Roy:

I herewith submit my twentieth and final report as school nurse of the Berkley Grammar School.

It has been a privilege to have had the opportunity of serving as school nurse and working with the Berkley children. Over the years I have had the satisfaction of seeing many children vaccinated and enter school in September. I have watched their progress and beamed with pride as they received their diplomas, eight years later. During the years, I came in close contact with each pupil as the school health program is repeated each year and I enjoyed every one of them. Prevention of disease has always been my aim. When polio vaccine became available through the National Foundation in 1955, only the pre-school and first grade children were to receive the vaccine. How about the children in the other seven grades? Through the cooperation of the Board of Health, Salk polio vaccine was purchased and made available to all pupils and the response was gratifying. In my last year as school nurse, Sabin Oral Vaccine was perfected and again only the pre-school and first graders were scheduled to receive; but once again the Board of Health agreed to purchase enough so all students could have the oral vaccine. Again the response from parents requesting the treatment was most gratifying. The third dose of Sabin Oral Vaccine is to be given sometime during the early part of this year. I feel very grateful to have had a small part in helping to stamp out this dread disease, polio.

Except for the Sabin Oral vaccine clinics, the school health program has been carried out as usual with the splendid cooperation of the school doctors, Dr. Charles Souza and currently, Dr. Alan Poole.

In connection with the immunization clinics we have had during the past twenty years, I would like to mention Dr. Charles M. Souza. He has always been most considerate to the pupils, trying to ease the ordeal of a polio or diphtheria shot. The children knew he was their friend and he would "do it quick" while I held them tight.

It was a disappointment when the dental appropriation was cut from \$300 to \$100, to be used for examination only at the last town meeting. The Dental Clinic has had a difficult record. It was started and maintained by the Berkley Women's Club in 1945. Transportation was furnished by club members and pupils were taken to Dr. Roy Latimer's office. Dr. Latimer was our school dentist for three years. During this period we tried to get the townspeople to appropriate money for maintaining the dental clinic, and after three years, \$300 was voted for the clinic and the Women's Club was relieved of the burden, but continued to transport the children. In 1949, Dr. Israel Helfand took over the clinic and has served us faithfully, often upsetting his own schedule to take an emergency case, a child with a toothache, often ulcerated. Dr. Helfand and I feel the clinic was a success and served a necessary need. A great deal of work was accomplished and dental care was rendered to those who may never have had an opportunity of visiting a dentist.

Entering the new school in September of 1962 was a thrill - we had looked forward to a new school and a health room for so long - it just didn't seem possible our dream had come true. It will be very pleasant working in such lovely surroundings and Mrs. Cabral has my best wishes for a successful school health program.

In closing, I would like to express my sincere thanks to all those who have given of their time at clinics or helped in many other ways. Mrs. Esther Bowden, R. N., Dighton School Nurse for assistance at clinics; Mrs. Elwell Perry for help at the Sabin Oral Clinics; Mrs. Francis Kenney for a very efficient job of keeping clinic records; Berkley General Store for storing vaccines in their freezer until needed; Mr. Rolfe, former superintendent and Mr. Roy; Mr. Fleming and all the teachers for sending out notices and checking on returned slips; Taunton Board of Health for loaning sterilized equipment, especially Miss Margaret Sheehy; Berkley Women's Club and Berkley PTA for their wholehearted support and generosity over the years; Mrs. Roger Macker, a very helpful neighbor at the "old school"; Taunton Lions Club for glasses for those who needed assistance and to all townspeople for the many kind and thoughtful messages I received at the time of my retirement.

The dinner given me by the teachers was certainly a lov-

ing gesture on their part. For myself, I shall always cherish the memory of many happy years as the Berkley School nurse.

Very sincerely,

Ella F. Dillingham, R. N.
School Nurse

REPORT OF THE SCHOOL NURSE

Mr. Robert T. Roy
Superintendent of Schools
Dighton, Massachusetts

Dear Mr. Roy:

I herewith submit my report as nurse in the Berkley School System.

The routine health program in both schools has been carried out. All pupils have been weighed and measured. The state vision test has been given to all students and the pure tone hearing tests are still in progress. Dr. Alan Poole has done physical exams in grades one, two, three, and five. Parents of the first and third grade students were invited to attend. The general health of the students is good.

The pre-school clinic, Diphtheria and Tetanus, and the Polio clinics are being planned for the spring. The Dental Clinic services have been limited to inspection of teeth. No students have used these services this past year.

In December Dr. Alan Poole administered the flu vaccine to the faculty and custodians of both the elementary and junior high schools. These were given at cost to the teachers.

Respectfully submitted,

Amelia M. Cabral, R. N.
School Nurse

REPORT OF THE SCHOOL DOCTOR

Mr. Robert T. Roy
Superintendent of Schools
North Dighton, Massachusetts

Dear Sir:

Physical examinations of the students in Junior High School were completed with the assistance of Mrs. Dillingham, a dedicated school nurse who will be missed upon retirement.

We are currently examining pupils in the new Elementary School with the assistance of Mrs. Cabral, a commendable choice of school nurse by your Committee.

Both the health and hygiene of the pupils continue to show worthwhile improvement, and healthwise, this should be a good year for the Berkley schools.

Very truly yours,

DR. ALAN M. POOLE

REPORT OF THE BERKLEY SCHOOL PLANNING AND BUILDING COMMITTEE

The Berkley Elementary School was completed by September 1, 1962 to the extent that classes could be held in the building without interruption. The grading outside the building had not been completed. Many items inside the building were incomplete. The stand-by generator was not installed and the cafeteria equipment had not been approved.

During the early fall meetings the committee approved the purchase of a generator, provided funds for grading the playground and purchased equipment such as maps, globes, flags, health equipment, and maintenance equipment.

The Committee voted to equip the kitchen for the cafeteria. An article was presented at a Special Town Meeting on September 24, 1962 asking that money be transferred and appropriated to equip the kitchen. The article received a favorable vote. The architect was instructed to proceed with equipping the kitchen. It was necessary for him to contact the original bidders to see if all figures submitted a year previous would hold. This involved installers as well as fabricators. By December the work of making all arrangements had been completed and the complete installation will be finished in March.

The grading of the playground will be completed in the spring. We are indebted to Mr. Alfred Gouvia for donating enough loam to cover the playground.

The contractor who did the landscaping around the building will also return in the spring to complete his work.

On November 11, 1962 a formal dedication of the Building was held. Music was supplied by the Apponequet Regional School Band. Senator John Parker represented the Commonwealth of Massachusetts and Mr. Frank Hill spoke for the Massachusetts Department of Education. Reverend Arthur Kennan and Monsignor Francis McKeon represented the clergy. The building was accepted by Mrs. Estelle Stetson, Chairman of the School Committee and Mr. Eino Silvan, Chairman of the Board of Selectmen accepted the building for the Town.

The Reverend Richard H. Sullivan, C.S.C. President of Stonehill College was the dedication speaker.

The chairman of the dedication program was Principal J. Gerald Fleming.

The Committee expect to close the account with the School Building Assistance Commission as soon as the items listed previously have been completed.

Respectfully submitted,

ROBERT T. ROY
